

Recycle Repurpose Reuse

CALL TO ACTION
for SouthCoast FAMILIES
HELP local kids in-need!

WANTED!

Gently Used: clothes, coats, shoes, books, toys, puzzles, games, cribs, strollers, safety gates.

New: socks, underwear, Birthday presents and toothbrushes, toothpaste and shampoo.

GiftsToGive provides SouthCoast students with tangible service learning and social justice experiences. Students help organize collection drives and volunteer for "shifts" at the New Bedford Repurposing Center, inspecting and processing donations and assembling gift packages for local children in-need. We have meaningful work for kids starting at age three!

We celebrate "children" not holidays. For thousands of SouthCoast kids, their birthdays are just another day.

How many birthday gifts does your child actually need? If you're having a birthday party, please consider asking your child to help other kids.

Share your values as a family. Help your kids understand the power of giving and service through their "doing".
