

I Want **YOU**
to start a *collection drive* at your School

What if
you could
actually work for
social justice and
in your "doing"
make a HUGE
difference?

(And along the way ..
experience the power of
giving and service?)

GiftsToGive is a
nonprofit that
empowers students
to help kids in-need.
Experience the
power of giving by
starting a collection
drive at your school
and/or donating
gently used books,
toys, and clothes.

43% of kids in
Massachusetts live in
poor or low-income
families. Help these
kids, for real, to be
more connected to a
caring community.

(Build your resume, gain
leadership skills, meet other
southcoast students and best of
all .. Help thousands of kids living
in desperate situations.)
